5<sup>th</sup> March 2021

To all of our wonderful Mayflower children,

I just wanted to send you a quick letter to let you know how proud we are of all of you. Your determination and resilience over the past year, and particularly this last term, has amazed us. We have really missed having you all in school; our Mayflower family is not complete without each and every one of you.

The teachers have been working really hard to make sure that next week is fun and packed with lots of exciting learning for you. To begin with on Monday, you are all going to be scientists for the day. Here is a sneak peek of what you can expect when you arrive on Monday morning:

- **Nursery/Reception- get ready to get your hands dirty as you take part in a seed planting challenge.**
- **Y1/2 - get ready for the ultimate outdoor bubble creating competition.**
- **Y3/4- get ready to make alien soup!**
- **Y5/6- get ready to create your very own rocket before launching them to see how far they can travel.**

After this exciting Science day, starting from Tuesday, the teachers have planned all of your learning around Sir Tom Moore's book 'One Hundred Steps'. It is a beautifully written book that will hopefully remind you that "You can do and be anything you want".

We hope that you all have a lovely weekend and get lots of rest ready for an action-packed week of learning. We can't wait to see all of your smiling faces and to finally have you all back with your teachers and friends.

See you next week,

Mrs Walker
